

Good evening!

I had unfortunately missed the call on May 6th and wanted to know if there are other times available in the near future, or if a recording of the call is available.

I'd like to add that I have completed my first promoted Facebook post using the Address Grabber. It resulted in 11 leads in a 24 hour period; three with email addresses which are now attached to an email drip campaign.

Thank you for your time and attention!

Sincerely,

Jeff
